**Self-Isolation Exemptions**

My question is for the Minister of Health and Social Services. As we are over one calendar year into the COVID-19 pandemic, can the Minister provide a copy of the exemption policy document used to guide self-isolation exemptions decisions, and:

1. The number of exemptions per week for the last three months;
2. The category for grounds for exemptions;
3. The percentage breakdown between exemptions granted to residents versus non-residents; and
4. The percentage of exemptions granted for personal versus essential versus commercial purposes?
