Oral Question 153-19(2) Government of the Northwest Territories Public Service Succession Planning

This letter is in follow-up to the Oral Question you raised on March 5, 2020 regarding statistics related to succession planning and the movement of Government of the Northwest Territories' employees into management positions. During our exchange I made the commitment to meet with you to discuss your concerns in greater detail. As expressed in my follow up email to you on March 5, I would be pleased to sit down with you and initiate that discussion and invite you to contact my office to arrange a suitable time to meet.

Once I have a better understanding of your core concerns regarding succession planning, the Department of Finance will determine if there are any available statistics related to those concerns that I am able to share with you.

I look forward to speaking with you further.
