Oral Question 414-19(2): Stanton Territorial Sterilization of Equipment

This letter is in follow up to the Oral Question you raised on October 27, 2020 regarding Stanton Territorial Sterilization of Equipment.

I have directed the Northwest Territories Health and Social Services Authority (NTHSSA) to update their website every two weeks with the current status of the medical device reprocessing and the delayed surgeries.

As a starting point, the NTHSSA sent a Q&A to all impacted patients in the form of the letter last week. The Q&A is also now posted publically on their website.

Thank you.
