Oral Question 962-19(2) Emerging Stronger – GNWT Economic Recovery Plan

This letter is in follow-up to the Oral Question you raised on March 2, 2022 regarding the Emerging Stronger plan which aims to focus on recovery efforts post-pandemic. During our exchange, I committed to providing an update to standing committee prior to the tabling of the revised Emerging Stronger document.

As stated in my response during the exchange, engagement with regular members is part of our normal process convention. In order to adhere to regular course of business, the Standing Committee on Accountability and Oversight (SCAO) was provided with a status update on the Emerging Stronger document on April 20th, 2022. The correspondence provided to SCAO highlighted the GNWT's progress on the commitments outlined in the recovery plan and discussed the engagement efforts taken by the GNWT to obtain and respond to the feedback received by many stakeholders in the revision process for this document.

Thank you.
