Oral Question 306-20(1) Housing Repairs

This is in response to your October 17, 2024, Oral Questions regarding Housing Repairs.

Thank you for your questions inquiring about the public housing units in Inuvik that currently have no funding allocated to them for repairs.

Currently in Inuvik, Housing NWT is working on major repairs to one unit and minor repairs to four housing units. These units are all expected to be ready by March 31, 2025. There are 10 additional units that the Local Housing Organization (LHO) has identified as requiring repair funding. The Beaufort Delta District Office and the LHO currently have all their repair funding allocated.

There are also four units being leased through Northview Properties that require repairs. There is an upcoming meeting between Northview Properties and a contractor to view the units and determine the scopes of work and a timeline for repairs. The LHO Foreman will also be attending this meeting.

Thank you,
