DANNY MCNEELY
MLA, SAHTU**Oral Question 405-20(1) Winter Road Season Planning**

This is in response to your October 31, 2024, Oral Question regarding winter road season planning.

Thank you for your question regarding additional truck loads to supply wood stoves from southern suppliers.

Housing NWT does not supply woodstoves, determine trucking schedules, or what is included in the loads on the trucks. Housing NWT can commit to informing your office when we know which housing-related supplies will be sent to Sahtú communities and the planned timing for shipments. I can confirm that Housing NWT is encouraging all Local Housing Organizations to be well prepared, to ensure that orders and delivery of materials and supplies are timely and mitigate any risk on the length of the winter road season.

Thank you,
