Agency Nurses

My questions are for the Minister of Health and Social Services:

1. How many agency nurse contracts have been utilized since 2021 by individual nurse;
2. How many agency nurse contracts have been utilized since 2021 by contracting agency;
3. How many agency nurse contracts have been utilized to support community health centres and Northwest Territories Health and Social Services Authority operations outside of hospitals in Yellowknife, Inuvik and Hay River since 2021; and
4. How many individual agency nurse contracts are represented by the 4.4 million dollars expenditure on agency nurses in fiscal year 2023-2024?
